

Hotel Window Replacement Contract

Client: Guoman Hotel Group
Location: London, St. Katherine's Dock, E1
Value: £2.3m
Duration: 10 months
Year: 2015-2016

TCL Group completed a major window replacement programme at The Tower Hotel on the banks of the River Thames.

A total of 1,118 new window units were installed within a fully operational hotel working environment.

The works involved the careful removal of the existing timber windows and the installation of new, double glazed high performance units to all bedrooms, meeting rooms, administration and staff accommodation.

Utilising cradles and comprehensive scaffold protection the project was successfully completed with minimal disruption to hotel guests and staff and the many tourists that visit St Katherine's Dock and the surrounding historical buildings

Scope of Works:

- Replacement of existing timber windows with new powder coated Aluminum fenestration to all apartments and common areas
